

BayBioMS – Advanced mass spectrometry seminar

When: Wednesday **22.01.2025, 5 pm**

Where: IGZW, Gregor-Mendel-Str. 4
3rd floor conference room

Doors open at 4:45 pm

Free drinks and snacks will be served!!

Methods covered

- Mass spectrometry imaging
- Proteomics of bacterial communities

Dr. Christina Ludwig
(Proteomics)

Dr. Karin Kleigrewe
(Metabolomics)

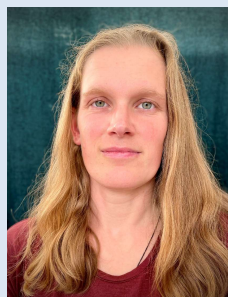

Amirhossein Sakhteman
(Bioinformatics)

Juliana Gonçalves
Institute of Pathology
TUM

“One Slice, Many Insights: Comprehensive Lung Tumor Classification through Mass spectrometry Imaging”

Anna Burrichter
Professorship for
Intestinal Microbiome
TUM

“Life in the community: (Meta-)Proteomic data and metabolic modelling integration to probe community metabolism and environmental adaptation in microbial communities”
